The Khandel light team

From left to right, top to bottom. Richard Bland, Helen Melville-Smith, Natalie Carrick, Theresa Mudie, Yvonne McPartland, Peter Gough, David Marriott, Michelle Marriott, Theresa Bland, Bridget Gough.

Day to day running of Khandel light is carried out by its management team of volunteer trustees:

Dr Peter Gough (Chairman of Trustees)

Peter has been a Family Doctor at the Barley Practice since 1985. He visited India for the first time in 1996 and was moved by the extreme poverty, especially in the cities. He found a possible solution to this in Rajasthan where he met Rameshwar lal Verma, founder and director of the NGO Nirman Sanstha Khandel (NSK). NSK was working to improve the lives of the rural poor with the aim of reducing migration to even greater poverty in the cities. Peter believed that by harnessing his patients’ talents, generosity and influence in a model of community to community aid, the projects of NSK could be expanded, sustained and possibly replicated. With the support and expertise of his fellow trustees, Khandel light was created in 2000.

Yvonne McPartland (Vice Chair of Trustees)

With a degree in Economics and Economic and Social History, Yvonne has experience of working in financial services and education. In 2008 she qualified as a Counsellor and now practises in this field. Her interest in education continues within the remit of Khandel light through forging links with Schools and making presentations about the Charity’s work. Yvonne also writes the copy for the web site, newsletters and other publicity.

Theresa Bland (Trustee)

Theresa trained as a graphic artist at Loughborough University. She is currently employed as an office co-ordinator for a manufacturing and distribution company. Having experience in advertising and marketing, Theresa has brought her skills to local charities including Friends of Barley School, Friends of Greneway School and the Barley Plaistow Committee.

Nam liber tempor cum soluta nobis eleifend option congue nihil imperdiet doming id quod mazim placerat facer possim assum. Typi non habent claritatem insitam; est usus legentis in iis qui facit eorum claritatem. Investigationes demonstraverunt lectores legere me lius quod ii legunt saepius. Claritas est etiam processus dynamicus, qui sequitur mutationem consuetudium lectorum. Mirum est notare quam littera gothica, quam nunc putamus parum claram, anteposuerit litterarum formas humanitatis per seacula quarta decima et quinta decima. Eodem modo typi, qui nunc nobis videntur parum clari, fiant sollemnes in futurum.
